

Wall Calendar 2009

Actual Stories from the School for Life, Chiang Mai/Thailand

In its sixth year, the wall calendar shows the development at the School for Life with short stories.

The Munich photographer **Andrea Altemüller** visited our project in February 2008. She captures her impressions und the enthusiasm of the childs and the life at the farm in pictures, from which we chose for this calendar.

The texts were written by **Rita Haberkorn**.

The texts and the calendar are written bilingual.
